Iowa Snowfall Topping Charts and Breaking Records

As if the state of Iowa has not seen enough snow, it never ceases to surprise us with more snow. As of February 22, 52.4 inches of snowfall has dropped down on Iowa. This is why the 09-10 winter season is now ranking fifth in total snowfall according to the KCCI website.

1. 72 inches in 1911-1912
2. 70.9 inches in 1885-1886
3. 64.1 inches in 1961-1962
4. 52.9 inches in 1981-1982
5. 52.4 inches in 2009-2010

Iowa has been through 65 consecutive days with at least 4 inches of snow accumulated on the ground, breaking yet another record, the previous record being 54 days in 1961-1962. The Des Moines area had 12 inches of snow on the ground as of Thursday, February 18. Will Iowa continue to show us more snow in the month of March or will spring finally breakthrough?

Manufacturer of the Month: Need Computer Mounting Solutions in Your Vehicle?

Gamber Johnson could be your answer. Gamber Johnson provides easy, affordable mobile mounting stations and docks for your vehicle. Whether you are in need of a docking station, computer mount or pedestal, Gamber Johnson has everything you need. All of these mounting solutions can be used on almost any vehicle you need it installed in. Come to Truck Equipment where we carry Gamber Johnson's line of mobile mounting solutions.

- View all of the newest products such as truck chassis, truck bodies, aerial equipment, etc. from exhibitors.
- For more information about the Work Truck Show visit the [NTEA website](#).

In the Spotlight: A Brief Review of the Services We Offer

Are you in the need of some sort of servicing for your truck? Take a look below at some of the services we offer as well as additional services listed on our [website](#).

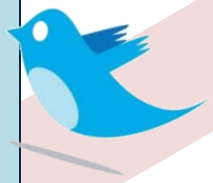

- ✦ **Installation and Repair:** We will install and repair any product that we sell you.
- ✦ **Aerial Basket Inspecting:** Come to Truck Equipment if your aerial man-lift needs to be inspected or repaired.
- ✦ **Dielectric Testing:** Aerial baskets need to go through a process called dielectric testing, which means testing the voltage to ensure safe use with the basket.
- ✦ **Stability Testing:** We will do stability testing for aerial baskets as well as any other truck mounted cranes.
- ✦ **Transferring of Equipment:** Equipment such as, but not limited to, bodies and aerial baskets can be transferred from one vehicle to another.
- ✦ **Design Consulting:** Do you need a vehicle put together, but don't know exactly what you need to do? Talk with a Truck Equipment salesman to get the most efficient and beneficial design for your vehicle needs.
- ✦ **Custom Fabrication:** If you have a design in mind, we can make it happen meaning you don't have to stick with the generic design. Custom fabrication allows for a creative and useful option when developing a ladder rack or shelving.
- ✦ **Ford & GM Drop Ship Codes:** Ford and General Motors do not have to go through dealers to get their vehicle to us. This makes drop off and pick up more convenient for you!

Need anything else? Truck Equipment provides a long list of services to our customers. Visit the website to get a list of all of the services offered. Also on the website is information on how to get an estimate for a truck through email if needed.
